

Commitment Letter

I _____, as a parent of _____, realizing not only the importance of building strong work and practice ethics in my child, but also the importance of fulfilling their commitment to their fellow squad members; agree to have my child attend every scheduled practice and/or game. Any unexcused absence will result in my child sitting out one quarter of a game. All absences can and will only be excused by the head coach.

I further realize that in order for my child to perform in various performances throughout the year, he/she will need to be present for all mandatory practice for a performance; he/she may not be able to perform in that event.

I also realize that the squad as a whole must be unified. In an effort to make this happen, the uniform that has been discussed, agreed upon and assigned by the head coach is what my child will wear. Any changes to these items can and will only be approved by the head coach and must be done as a squad.
